

Jean-Christophe Hyvert

President, Biologics
Lonza Group Ltd

Jean-Christophe Hyvert joined Lonza in 2017 and has served as President of Biologics since 2021. Between 2021 and 2022, he served as President of Lonza's Cell & Gene Division.

Jean-Christophe originally qualified as a physicist and worked in operations, before moving into a financial role. His broad experience in different fields has provided him with a deep knowledge of both the science and the business sides of Lonza and its divisions.
